II- Reading Comprehension

A) Read the following passage and answer the questions:

10

Summer is coming and many people will travel abroad. To make sure your holiday isn't spoiled by sickness, read our health tips here.

...... Ask your doctor about any injections or tablets you may need and ALWAYS follow the instructions exactly. Sometimes you need to continue taking the medicine after you return home. You may feel well, you may feel safe but if you don't finish the medicine you could still become ill later on.

..... Most people are careful about eating food in markets or local restaurants but when they go back to their five stars hotel, they eat everything without thinking. It's not where you eat, but what you eat. Don't eat raw vegetables at all. If you want to be really safe, don't even wash your teeth in tap water; use bottled water at all times.

...... Watch the sun. If the streets are quiet in the heat of the day, there's probably a good reason why. Use sunscreen with a sun protection factor (SPF) not lower than 30, but also cover your body with clothes. They are good sun protection too –and help you stay cool!

Enjoy a happy and safe holiday!
